wood and bamboo

Tous nos produits de la gamme Green Tech sont faits à partir de bois ou bambou provenant de sources durables.
All our products from our Green Tech range are made from wood or bamboo coming from sustainable sources.

ceramic

La céramique est un matériau fabriqué à partir de matières premières naturelles et avec un très faible impact environnemental.

Ceramic is made from natural raw materials with a very low environmental impact.

tritan

Le tritan est un matériau durable et très léger, qui est également sans BPA (Bisphénol-A).

tritan is a very durable and lightweight material, which is also free of BPA (Bisphenol-A).

recycled PET

Le PET recyclé est utilisé dans tous nos câbles ainsi que certains de nos produits. Il est produit à partir de plastique recyclé issu de bouteilles en plastique.

Recycled PET is used in all our cables and in some of our products. It is produced thanks to recycled PET found in plastic bottles.
